Subject: MSCC Budget Question

Hi Mr. Gibbons,

I'm currently working on the review of the Crime Commission's request for next Thursday's board meeting, and I have a quick question. For the budget that was included in the request, it did not include the revenue/income portion – just expenditures. While I did see the list of major funders included, I was wondering if you could share the income portion of the budget as well? I would greatly appreciate it, if possible.

Warm regards,
Lauren Jenkins
